

Converge Celebrates 1M Subscribers Milestone, Gives Free Speed Increase of Up to 300 Mbps

MANILA, Philippines, December 15, 2020 — The fast-paced shift to a digital lifestyle ushered by the pandemic has placed utmost importance on the reliability of internet connection. Major activities that drive heavier internet traffic such as work from home, distance learning, and at-home entertainment such as online gaming and video streaming and the increased use of features like 4K video which call for higher speeds have fueled the demand for better connectivity— a key commitment of Converge ICT to its ever-growing community. Now with a million subscribers, Converge Information and Communications Technology Solutions Inc. (Converge ICT) celebrates this milestone, and in the spirit of Christmas, by giving free speed increases to its customers of up to 300 Mbps.

Starting December 15, both existing and new subscribers will be able to enjoy permanent speed upgrades to their plans without additional fees.

MEDIA RELEASE

In an additional offer from Converge, new subscribers can also enjoy their first month completely free when they apply for any Converge plan from December 12, 2020 to January 31, 2021.

With these upgrades, Converge continues to be a driving force for Filipinos in providing fast and reliable connectivity, addressing customers' at-home needs.

"The shifts we experienced this year have been pivotal to the growth of the fixed broadband market in the Philippines. With Converge ICT's expertise, we are in a prime position to help the community adapt to the digital lifestyle by serving their at-home needs. The speed increase is one of the many steps we are undertaking to ensure that we follow through with our commitment to providing fast and affordable internet nationwide. With the holiday season fast approaching, the speed increase is also our way of giving back to Filipinos. We want to ensure they receive uninterrupted reliable internet that will allow them to stay connected to their loved ones this Christmas," said Dennis Anthony Uy, founder and chief executive officer of Converge ICT.
