Article "Converge to start building P1-B data center in Cebu this year"

Gentlemen:

This is in reply to the correspondence of the Philippine Stock Exchange (the "Exchange") dated June 16, 2021, seeking clarification with regard to the news article entitled "Converge to start building P1-B data center in Cebu this year" posted in BusinessWorld (Online Edition) on June 16, 2021. The article reported in part that:

"CONVERGE ICT Solutions, Inc. announced on Tuesday that the construction of its P1-billion data center in Cebu will begin 'this year.'

In a statement, the company said the construction of a data center in Cebu is part of its preparations to 'serve the surge in the data requirements in Visayas and Mindanao amid its aggressive expansion in central and southern Philippines.'

'This data center is quite important especially for the Visayas as the demand for digital services and data requirements are going up,' Converge Chief Executive Officer and Co-Founder Dennis Anthony H. Uy said.

The company recently bought a property in Mandaue City, Cebu, where the data center will be built.

Converge said the data center will initially have 300 racks to meet demand and will be housed in a six-storey building with a customer contact center.

...."

We wish to confirm the content of the news article captioned above.

As previously disclosed to the Exchange in our 3rd Quarter FY2020 17-Q, Converge ICT Solutions Inc. is expanding to the Visayas and Mindanao regions this year and the construction of a data center in Cebu is part of our expansion into these regions.

Very truly yours,
