Subject: Clarification of News Article

Dear Ms. Wong:

This is in reply to the correspondence by the Philippine Stock Exchange (the "Exchange") dated August 14, 2023, seeking clarification on the news article entitled "Converge eyes entry into gaming business" posted in PhilStar.com on August 12, 2023. The article reported in part that:

"MANILA, Philippines – Businessman Dennis Anthony Uy plans to enter the gaming industry as a next step toward turning Converge ICT Solutions Inc. into an all-in one provider of technology solutions.

Converge launched its streaming platform BlastTV that will be offered free of charge for all of its subscribers, putting it a step nearer its goal of entering the gaming industry.

....

Uy is also exploring options on how Converge can enter gaming with the objective of making the industry as inclusive as it can be.

..."

We clarify that Converge has always been exploring more ways to deliver differentiated and better experience for its customers. With our digital highway in place, we intend to collaborate with various providers to deliver value added services to our customers such as the video streaming platform BlastTV, which we launched recently through a collaboration with platform provider Tap Digital Media Ventures Corporation (TapDMV).

As technology trends evolve, Converge will continue to be at the forefront of these innovations by introducing cutting-edge and more inclusive services that may include online games, video on demand, and others. However, these discussions are all in the very early stages of conceptualization.

Once these plans firm up, we will provide and disclose the necessary material information to the Exchange in due course.

Very truly yours,
