

***Converge Collaborates with Netflix, Offering The Best Value
Internet & Streaming Bundle Yet***

So much more value, Sooo much more entertainment

Leading pure fiber internet provider Converge ICT Solutions Inc. has recently announced a new collaboration with Netflix, the world's largest streaming service in terms of subscriber base. This new collaboration will be headlined by the new Converge Netflix Bundle, where new and existing FiberX customers will be able to have both an internet and Netflix plan, all in one. The new offering aims to provide countless entertainment options and a better streaming experience for FiberX users.

The new Converge Netflix Bundle will include a boosted FiberX plan with 325 Mbps speeds for faster streaming, a Netflix subscription with a lock-in period of 36 months, a new WiFi-6 Next Gen Modem, and a Converge Xperience Box with Freemium Channels—all put together into one subscription for the convenience of the customer.

Aside from the easy set-up and unified billing, the new Converge Netflix Bundle will power subscribers with better entertainment options. Households will have access to both the sought-after Netflix favourites and the FiberX internet of Converge, which has again been lauded as the fastest internet in the Philippines based on Q1 to Q2 2024 data during this year's Ookla® Speedtest Award™.

The new Converge Netflix Bundle aims to give endless entertainment at a price that fits your budget. Aside from the FiberX and Netflix plans, the bundle will also offer an additional Boost Mode, a new WiFi-6 Next Gen Modem, and a Converge Xperience Box with Freemium Channels. The Converge Xperience Box is a Google-certified Android TV box that allows the customer to download apps such as YouTube, Spotify, and streaming apps like Netflix. Aside from these, it will also allow customers to play games or access Google's integrated assistant. The Xperience Box can support 4K streaming, Wi-Fi, and already comes with the Freemium package which can stream up to 15 free-to-air TV channels.

The Converge WiFi6 Next Gen Modem, another inclusion in this exclusive and all-in-one bundle, is a router that enables the efficient performance of networked devices in dense areas. With its improved Wi-Fi speed, better coverage, and efficient device management, the new Converge WiFi6 Modem can give three times better wireless performance in dense and highly populated settings.

The new Converge Netflix Bundle starts at Php 1,798 per month, inclusive of a Converge FiberX plan with boosted speeds of 325 Mbps, a WiFi6 modem, a Converge Xperience Box, and a Basic
